

PARTY FOR THE ANIMALS

“The Party for the Animals offers hope and guidance. For everyone who feels that things are going wrong and knows they can be different.” — Esther Ouwehand

NATURALLY.

On October 29, you can vote for a completely different political climate, where eco comes before ego. The Party for the Animals stays true to its principles, and by doing so, pulls other political parties in a greener direction. The more votes for the Party for the Animals, the greener, kinder, and fairer the Netherlands becomes. So, vote Party for the Animals. Naturally.

1 NO ANIMAL SUFFERING, MORE ANIMAL RIGHTS.

- Animal rights in the Constitution.
- The intensive livestock industry will be phased out.
- 0% VAT on veterinary care.

2 FEWER BARNS, MORE HOMES

- By reducing the amount of livestock by 75%, we solve the nitrogen crisis, and create space for nature and new housing.
- Housing associations will receive extra funding to build more homes.
- Rent will be frozen for the next five years.

3 NO TOXINS, BETTER HEALTH.

- No toxins in our food: a ban on agricultural pesticides, PFAS, and toxic steel waste.
- The healthcare deductible will be abolished; dental care and contraception will be included in the basic insurance package.
- 0% VAT on fruit and vegetables.

4 LESS POLLUTION, MORE GREEN.

- 5% of GDP for climate and nature.
- Schiphol Airport, Tata Steel, Chemours, and the ultra-rich will pay their fair share for the damage they cause.
- Fossil fuel subsidies will end. That money will go to free public transport for low-income households, clean energy, and tackling energy poverty.

5 NO INJUSTICE, BUT HUMAN RIGHTS.

- Recognize Palestine and impose the strongest possible sanctions on Israel.
- Support Ukraine in its defense and reconstruction.
- Human rights are the foundation of our choices. We will combat femicide and protect LGBTQI+ people.
